Niva,

That is great to hear and we are always here for any additional help that you or Joel may need in the process. We look forward to hearing from you soon.

Sincerely,

**Erik Gertsen**

Hello –

I spoke with you a few months ago regarding participation in EPA's small business advocacy review panel to advise on our upcoming proposed rule on methylene chloride and NMP in paint removal. Since then, we've been working on the regulatory options and their projected impacts on small businesses, and we're looking forward to collaborating with the other participating agencies (Office of Management and Budget, and the Small Business Administration) to send you some materials and meeting invitations soon. I just wanted to check in and let you know that work is ongoing with this rulemaking, and please feel free to contact me or Joel (cc'd) if you have any questions.

Thanks again –

Niva
